## ***Internship Overview***

### ***Developing Innovative, Spirit Filled Leaders***

With God's guidance, blessing and help, the Field Education Department seeks to:

1. Provide students with ministry experiences that are meaningful, challenging, and rewarding
2. Help students gain greater certainty of their calling
3. Help students develop becoming more innovative, spirit-filled, and able to lead
4. Provide ministries with students who are teachable, dedicated, and dependable
5. Partner with ministries in the formation of capable leaders for God's kingdom

On behalf of the IBOLT, we wish to extend to you our warmest welcome. May God richly bless you this year!

Internship is designed to help students in their specific program put into practice what they are learning in the classroom. The wonderful part of field education is that you are also influenced and overseen by other ministers in local churches and ministries. Not only that, but Field Education provides you with a meaningful outlet for your gifts and abilities making a difference in this world.

Ron Powell, Field Education Director

## Due Dates

Field Education Forms must be emailed to the **IBOLT Internship Instructor** ([internship@ibolt.com](mailto:internship@ibolt.com)) at various points during the internship as outlined below. Failure to submit reports can result in loss of credit. These are to be emailed

Monthly reports are available on the Vanguard current students web page. Click on the Field education button.

<http://www.vanguardcollege.com/current-students/field-education/>

All other forms are available on the course website where you view your marks and have also been emailed to you at the start of the course.
